

# Tim Halliday

## Full-Stack Developer

Motivated and versatile professional with 1.5 years commercial experience developing and maintaining Java applications in Spring. I am looking for new opportunities where I can leverage existing technical and communication skills and learn more about cutting-edge technologies such as cloud computing.

## WORK EXPERIENCE

### Full-Stack Developer Britcent

04/2022 - Present

Online Education Company

Achievements/Tasks

- Worked on 3 distinct web apps developed in Java 8 and Spring 5.2 and shipped on AWS Lightsail with Apache Tomcat server.
- Developed and deployed a new web app which now generates 15% of company revenue in a new business area.
- Stepped up to provide paternity cover for the senior developer during a critical period, acting as the main point of contact for the tech team.
- Demonstrated commitment to development best practices and incorporated elements of Agile practice into my team's work flow, including focus on MVP and regular code reviews, improving efficiency.
- Encouraged a more TDD approach by advocating for and creating unit and integration tests with JUnit 4.
- Collaborated with various stakeholders and cross-functional teams to find solutions to complex problems.
- Integrated APIs for messaging, subscriber lists and payment systems, including Stripe.

### English Tutor Britcent

01/2020 - 12/2021

Online English Education Company

Achievements/Tasks

- Independently planned and taught one-on-one English lessons over Zoom, building confidence and initiative.
- Developed communication skills and the ability to explain complex concepts in an accessible way.

### SEO Copywriter Adapt Worldwide

04/2018 - 01/2020

Full-Time and then Freelance

Achievements/Tasks

- Wrote SEO-optimised content to boost web traffic for a wide variety of industry-leading clients.
- Developed a strong foundation in SEO best practices.
